

# Whale & Dolphin Watching

We are able to arrange Whale Watching Trips off Dondra Point in a fully insured trawler boat which will last for 3 hours. Also there are good chances of spotting Spinner Dolphins also off Dondra. Ample of accommodation options are available as Dondra point can be reached easily from Hikkaduwa, Galle, Unawatuna, Weligama, Mirissa and Tangalle which are popular beach locations in Sri Lanka.

Kalpitiya is the best place if you are interested in seeing Dolphins. During November to March is the best season to go Dolphin Watching off Kalpitiya. At a time you can witness 1000-1500 Dolphins. We can arrange accommodation in basic holiday cottages to nice beach villas in Kalpitiya area.

Whale and Dolphin watching is also possible during June to September off the eastern shores such as Trincomalee.
